Software Engineer

Description

Software Engineer

Who We Are:
A pioneer in video games across multiple generations and the creator of some of the top-rated video game franchises including 2K Sports and the NBA 2K series, Visual Concepts is widely regarded as one of the world's top studios. A subsidiary of Take-Two Interactive Software, Inc. (TTWO), Visual Concepts continues to innovate in gameplay, creativity and technology. With studios in Marin County, California, Shanghai, China and Seoul, South Korea, Visual Concepts is a culture of excellence and passion for building amazing products year after year, and offers top candidates the opportunity to learn and grow with some of the smartest and most creative minds in the industry.

What We Need:
Widely regarded as one of the world's top video game studios, Visual Concepts, a subsidiary of Take-Two Interactive Software, Inc. (TTWO) seeks Software Engineers to join its ongoing and best-in-industry development efforts across a multitude of platforms. Visual Concepts is best known for some of the world's greatest sports videogames, including the world's #1-rated and #1-selling basketball franchise, NBA 2K. Top software engineers can join Visual Concepts and achieve career defining roles in the next generation of sports gaming. Learn and contribute to leading edge technology. Enjoy a culture dedicated to gaming and technical excellence. Be a part of a global development organization that includes Visual Concepts studios in Marin County, California, Shanghai, China and Seoul, South Korea.

Minimum Requirements:

Bachelor's or Master's Degree in Computer Science

High proficiency in C/C++

Deep understanding of object oriented programming

Able to diagnose and solve problems quickly and independently

Able to learn and master complicated code systems

Able to write clean, bug-free, well-documented and efficient code

Experience in console development as an engineer is a solid plus

Passion for videogames

Good team player
