Computer Vision Software Intern

SUNNYVALE, CA   INTERNSHIPS   INTERN

Matterport is shaking up the 3D world. Our team has developed an end-to-end 3D platform that allows anyone to create, edit, and share 3D models of real-world spaces. Our tools are already used by thousands of professionals in a variety of industries, including real estate, hospitality, and location-scouting, as well as by hobbyists who just want to dive into 3D.

We are calling all aspiring Computer Vision Software Engineers! Matterport is looking for motivated interns to join our team this summer. If you're a go-getter who is passionate about problem solving and learning, we want to talk to you.

To be considered please let us know what you hope to gain from your Matterport internship and help us understand your strengths as a candidate. Good luck, we can't wait to meet you!
